3.07.010 INTRODUCTION.

The Council shall establish such commissions, committees and boards as it deems appropriate to provide policy advice. Committees may be either standing committees, or ad hoc committees established by the Council from time to time. Each commission, committee, and board shall be advisory only, unless otherwise specified in the resolution or motion establishing the commission, committee or board, and shall be established by a specific resolution or motion with its purpose, duties, and number of members defined by the resolution or motion. In addition, the Council periodically appoints persons other than council members to certain outside organizations or regional authorities listed in Section 3.08.100. The provisions of this chapter shall also apply to such outside organizations and regional authorities. (Resolution No. 1992-195, 12/17/1992)

3.07.020 COUNCIL RELATIONSHIP WITH COMMISSIONS, COMMITTEES AND BOARDS.

Council members must recognize that it is important for commissioners and committee members to be able to make objective recommendations on items related to the City. Council members must be certain that any opinions expressed to members of commissions and committees are clearly identified as individual personal opinions, unless official Council action has been taken on the subject in question.
The Council has determined that council members should not lobby commissioners, committee or board members for particular votes. However, council members may attend meetings in their unofficial capacity as residents and request that commissioners, committee or board members consider certain issues during their deliberations, or may do so in unusual instances in their capacity as council members to reflect the views of the Council as a body. Council members should not engage in advocacy before a commission, committee or board on any matter which will likely thereafter come before the council at a public hearing.

Council members choosing to attend commission, committee or board meetings should be sensitive to the fact that they are not participating members of the body. Council members have the rights, and only the rights, of ordinary citizens with respect to commissions, committees or boards - including the right to write to and speak to the commission, committee or board during public comment periods.

**3.07.030 ROLE OF EX-OFFICIO MEMBER.**

Members of the Council are assigned to serve in an ex-officio capacity to various City committees. The purpose of the ex-officio assignment is to facilitate communication between the Council and the advisory body and to help to increase the Council’s familiarity with the membership, programs and issues of the advisory body. In fulfilling their ex-officio assignment, members will attend committee meetings to observe the activities and maintain communication with the committee.

Ex-officio members should be sensitive to the fact they are non-voting members of the committee. Being an ex-officio member bestows no special right with respect to the commission, committee or board business.

**3.07.040 STAFF INVOLVEMENT WITH ADVISORY BODIES.**

Staff support and assistance is typically provided to commissions, committees and boards. However, advisory bodies do not have authority over City employees. While staff may work closely with advisory bodies, staff members remain responsible to their immediate supervisors and ultimately the City Manager and Council. The members of the commission, committee or board are responsible for the functions of the advisory body.

Staff support often includes preparation of an agenda and its’ posting in compliance with the Brown Act. Staff also prepares reports providing background on an issue, alternatives, a recommendation, and appropriate support materials, if necessary. Advisory body members should have sufficient information to reach decisions based upon a clear explanation of the issues.
It is important that advisory bodies wishing to communicate recommendations to the Council do so through approved Council agenda procedures. In addition, if a commission/committee wishes to correspond with an outside agency, that correspondence will be prepared by staff for review by the City Manager and possible approval by the Council.

3.07.050 WORK PLAN.

All programs, projects, funding and staffing requests must be approved by the Council. The work plan of every commission, committee and board shall include those items under their purview along with any additional duties or assignments delegated to the body by the City Council.

3.07.060 REQUESTS FOR WORK OUTSIDE THE ADOPTED WORK PLAN.

Individual members of any commission, committee or board who would like staff to perform research or for the advisory body to review a particular issue over two hours total staff time must gain the approval for such a request from the Council at duly notice public meeting, before any work is planned or done. The work plan for the City’s commissions, committees and boards are determined by the Council at its goal and objective setting process that precedes the adoption of the budget.

Any request for information and/or research that is outside the work plan and meets any of the following is considered a major study and requires Council approval prior to any staff time being expanded.

- Requires more than 10 staff hours to complete.
- Not a planned budgeted activity.
- Possible change in current policy which was the culmination of extensive public input and/or as a result of committee deliberations.
- New policy research on which there has been no Council discussion or direction or because of its sensitivity would involve more than 10 hours of staff time.

A request for work outside the work plan must be submitted in writing from the Chair of the commission, committee or board to the City Clerk to be placed on a Council agenda. The responsible department will recommend courses of action which consider budgeted workloads and annual work plans to the Council. It is the policy of the Council that such requests must adhere to the following provisions:

1) Approval of the majority of the Council;
2) All requests by commissions, committees or boards for reports or information items that will take longer than five (5) hours, must be written and should be directed to the responsible department with a copy to the City Manager in order that staff work may be properly coordinated. This does not prevent the commission, committee or board from getting written information that may require minor staff time or is already consistent with the commission, committee or board’s normal work plan, such staff support should be accommodated.

3) At the City Manager’s discretion, the Council may be informed that numerous requests for work outside the adopted work plan represent a workload sufficiently large enough to disrupt the on-going, planned work for which the department is responsible. In these cases, the City Manager will propose to the Council review the Work Plan and for the Council to direct staff where, in the priority list, the new requests for work belong.

3.07.070 MINUTE PREPARATION.

Action minutes will be produced by City staff for all advisory body meeting in a similar format used for Council meetings. Additions or corrections to the minutes are made at the next public meeting of the advisory body upon approval of the majority of the commission, committee or board. Draft minutes of all commission, committees or boards will be provided to the Council in a timely manner.

3.07.080 APPOINTMENT OF RESIDENT MEMBERS.

Resident members of each commission, committee or board, shall be appointed by the Council during a regular or special meeting of the Council. The terms of all appointees shall expire on June 30 (except for certain listed outside organizations or regional authorities whose terms may expire on different dates). Appointees shall take office on July 1 (except for certain listed outside organizations or regional authorities whose terms may commence on different dates).

3.07.090 ATTENDANCE.

Members of each commission, committee and board are expected to make every effort to attend all meetings and be present for the entire meeting. Members are expected to contact the responsible staff member in the event of any absence in a timely manner. Members are allowed two (2) unexcused absences in each twelve month period from the anniversary date of their appointment. The chair of the commission, committee or board shall notify the City Clerk in writing of any member that is in violation of this policy. The City Clerk will then send a letter to the member indicating his/her non-conformance to this policy stating that with an additional unexcused absence in that same twelve month period,
the member’s position on the commission, committee or board will be automatically vacated. If an additional unexcused absence occurs within the same twelve month period, the position shall be automatically vacated. The City Clerk shall notify the member, the Council, and the commission, committee or board of the vacancy.

The following is a sample of the types of absences that will be excused:
